

March 1<sup>st</sup>, 2016

To Whom it May Concern,

**Scott Zolinski**  
Assistant Director  
of Athletics  
Director of Aquatics

The Northside Independent School District made the right choice when choosing a pool company that stands by its product and service in every way. The pool and all the components are state-of-the-art. The initial service needs were met in a very timely and professional manner. It's been nice to know we matter and the Myrtha team is ready to help.

We hosted The U.S. Masters National Championships, The USA Swimming Jr. National Championships, The USA Swimming National Championships, and the Deaf Swimming World Championships during the 2015 spring and summer and the coaches, swimmers, and officials raved about the pool and of course the facility. Michael Phelps graced our pool at Nationals and set the worlds' fastest times this year in our Myrtha Pool. Many records were set in all the competitions attesting to Myrtha builds fast swimming pools. We couldn't be more pleased with our Myrtha Pool!
